9:00-9:15 am WELCOME

9:15-10:15 am KEYNOTER: Kinsey Wilson, President, WordPress
No tool or technology has been more meaningful in powering the emergence of a new era of
independent journalism, in lowering the barriers for storytellers and news entrepreneurs, than
the content management system WordPress. In March, Wilson became president of WordPress,
one of the most successful technology companies of our day. He takes this role after leading
some of our industry’s most significant digital efforts as head of product and technology and
then editor for strategy and innovation for The New York Times, executive vice president and
chief content officer for NPR, and chief editor of USA Today. There may be no digital journalist
with a greater breadth of perspective on the future of news and technology, and how they are

10:15-11:45 am The Four P’s of Sponsorships - Price, Package, Promote and Place
sponsorships to create the most value for your news organization and your sponsors
Nonprofit newsrooms see growing sponsorship interest from small businesses, community
groups and other nonprofits—and NewsMatch18 will match some small business donations as
well as individual gifts. Whether you’ve created a news product, event or sponsorship
opportunity, learn how to sell it. What is the competitive advantage that your organization, product or event offers to a sponsor and what are the best ways to get advertisers and sponsors to see the value? Ebony Reed, director of the Futures Lab at the Reynolds Journalism Institute and an associate professor at the Missouri School of Journalism, will lead this session. Reed has sold advertising, media products and worked as a journalist. She will detail how to determine market value for products, events and other underwriting opportunities, and how to sell them in a hands-on, interactive 60-minute session. You’ll leave the session with a plan on how to make the sponsorship connection.

**Presenter:** Ebony Reed, Reynolds Journalism Institute, Missouri School of Journalism

12:00-1:00 pm Lunch and Learn: Converting One-time Donors to Sustaining Members
If you participated in last year’s NewsMatch, you probably saw a nice surge of individual donors. News Revenue Hub shares tips and strategies on how to build those one-time donors into sustaining donors or members, whose monthly support for your news organizations can help ensure a steady source of revenue.

**Presenter:** Mary Walter Brown, News Revenue Hub

1:00-1:15 pm BREAK

1:15-2:45 pm BREAK OUT SESSION: Build an AR App
Augmented Reality is here. Soon our websites, mobile devices and even glassware will have AR options. As a news industry, we need to stay current with the options, and as news leaders, we need to be familiar with the technology as it grows. Kat Duncan, senior video editor at the Reynolds Journalism Institute Futures Lab, will lead this session on how to build an AR experience to use in events, which many nonprofit newsrooms are offering to build audience, engagement and fundraising. The session provides a strong use case and a broader sense of how your site can use AR to build interactive content for readers and to broaden revenue opportunities. Before this 90-minute session, participants should sign up for a free trial subscription of Zap Works. Sign up at [https://zap.works](https://zap.works) a few days prior to INN Days.

**Presenter:** Kat Duncan, Futures Lab, Reynolds Journalism Institute

1:15-2:45 pm BREAK OUT SESSION: How to Ask for a Major Gift
This interactive training session helps you learn or polish three techniques that are central to asking for a substantial gift in support of your newsroom.

1) Setting up the visit
2) How to make the “ask” – literally
3) How to respond when a donor says something like: “Let me think about it.”

This session is led by a major gifts specialist who is working with a group of 11 INN members throughout 2018 to build their systems and skills in major gift development. Even if you don’t have a formal major gifts program yet, major gift opportunities can emerge out of smaller individual fundraising. Understand how to act on that, or take this opportunity to refresh your skills.

3:00-5:30 pm Director’s Screening: Dark Money & Panel Discussion
This political thriller examines one of the greatest present threats to American democracy: the influence of untraceable corporate money on our elections and elected officials. The film takes viewers to Montana—a frontline in the fight to preserve fair elections nationwide—to follow intrepid local journalist and INN Member John Adams, founder and editor of Montana Free Press, working to expose the real-life impacts of the U.S. Supreme Court’s Citizens United decision and the way American elections are bought and sold. This Sundance award-winning documentary is directed and produced by Kimberly Reed, presenting the film with Adams and two other INN members featured in the documentary. From a journalist’s view, this documentary is notable in presenting strong voices from both right and left testifying to the impact of journalism. This is a film that is as important to advocates for news as it is to political finance reform. Join the director and our star members right after in an invigorating discussion of the impact of Dark Money for all of us.

Presenters: John Adams, Montana Free Press; Sheila Krumholz, Center for Responsive Politics and Edwin Bender, followthemoney.org.
